PROFILE SUMMARY

Motivated and Enthusiastic final-year B.Tech student specializing in Artificial Intelligence and Data Science (AI&DS), with a strong foundation in Python and Web Development. Experienced in building user-friendly and responsive web applications through academic and personal projects. Possess strong problem-solving, creative thinking, and analytical skills, with a passion for researching new technologies and continuously learning. A quick learner who adopts to new challenges and is committed to improving technical expertise. Currently seeking an internship opportunity where I can apply my skills, gain industry experience, and contribute to real-world projects while growing as an AI & Data Science professional.

SKILLS

- **Programming Languages:** Python, JavaScript
- **Web Technologies:** HTML, CSS

PROJECTS

CREDIT CARD FRAUD DETECTION

- Developed a Credit Card Fraud Detection system using Python and Machine Learning to classify legitimate and fraudulent transactions.
- Performed data preprocessing and handled imbalanced data using the SMOTE technique to improve model performance and prediction accuracy.
- Evaluated multiple machine learning models using performance metrics such as Accuracy, Precision, Recall, and F1-Score to identify the most effective fraud detection model.

MESS MENU FEEDBACK SYSTEM

- Developed a Mess Menu Management System to digitize daily and weekly menu updates with an easy-to-use interface.
- Designed a responsive front-end and integrated backend/database for efficient menu management and data storage.
- Improved accessibility by enabling students to view updated menus anytime, reducing manual communication and improving user experience.

SCHOOL OF ENGINEERING WEBSITE

- Developed a responsive university website using HTML, CSS, and JavaScript, providing information on courses, departments, admissions, and campus facilities.
- Designed an intuitive and mobile-friendly user interface with seamless navigation, enhancing accessibility and overall user experience across devices.

EDUCATION

DHANALAKSHMI SRINIVASAN UNIVERSITY
B.TECH In Artificial Intelligence & Data Science
currently CGPA:7.80/10(up to 5th Semester)

TRICHY
2023-2027

VAMSI JUNIOR COLLEGE
Intermediate(MPC)
Percentage: 85.8%

SRI KALAHASTI
2021-2023

SRI BHAVANI VIDHYANIKETHAN SCHOOL
School Education(SSC)
Grade point: 9.

SRI KALAHASTI
2020-2021

CERTIFICATIONS

- **Fundamental of responsible AI** -Infosys springboard
- **Data Analytics Job Stimulation** -Deloitte(Forage)
- **Prompt Engineering & AI with Chatgpt** -Udemy
- **Master Power Query in Excel(webinar)**-SkillEcted campus

ACHIEVEMENTS

- Awarded 3rd Prize in “Web Craft” Web Development Competition conducted by [Dhanalakshmi Srinivasan university] for building and presenting a web-based project.
- Participated in ERP (Enterprise Resource Planning) Event organized by [Dhanalakshmi srinivasan university] and earned participation certificate
